REWARDS PROGRAM & NEW TICKET PRICE

Rewards program:

Starting on April 2nd 2010 for every 5 tickets you buy at regular price your next ticket is FREE.

That's right Free.

Everyone who comes in to buy a ticket must sign their ticket. The person working will initial it. You keep your tickets and when you have 5 signed and initialed tickets (Same signature on all 5 tickets), just bring them in and your next ticket is free. If you don't want to use your ticket at that time just give us your 5 tickets and we will put your name on the board for a free ticket.

Rules for free tickets,

- 1) Everyone who buys a ticket must sign it and make sure that the person working at that time initials it. That means everyone who has a ticket must come into the bait house to sign it.
- 2) It is your responsibility to make sure your ticket is signed and initialed. If you leave the bait house without either signing your ticket or getting it initialed then that ticket does not count toward your 5 tickets.
- 3) You are responsible for saving your tickets. If you lose them then that is your fault. We don't remember who buys what tickets or when. Please do not come into the bait house and say I lost my tickets but I'm sure you remember I was here. No I don't.
- 4) To get a free ticket you must either have 5 full priced tickets or 10 half priced tickets or a combination of tickets that add up to 5 full priced tickets. Free tickets, tickets won in raffles, or any free tickets do not count towards the rewards program. Your five tickets must be bought tickets.
- 5) If you leave the bait house without either signing your ticket or having it initialed you can't come back later and get it initialed. That ticket won't count towards your five. Again this is your responsibility.

New Ticket Price:

We will have our standard 12 hours for \$13.00 available anytime we are open.

We have added a 6 hour ticket for \$7.00. This ticket will only be available from 7AM Monday thru 11PM Thursday.
